## COUNCIL COMMUNICATION

AGENDA TITLE: Program Supplement to State-Local Transportation Partnership  
Program Agreement #SLTPP-5154 for Tokay Street and Houston Lane  
Asphalt Overlays

MEETING DATE: September 15, 1993

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution approving Program Supplement #5 to the State-Local Transportation Partnership Program Agreement #SLTPP-5154 covering the asphalt pavement overlays on Tokay Street, Fairmont Avenue to Hutchins Street, and Houston Lane, Pine Street to Victor Road, appropriate \$20,309 from the SLTPP Fund and \$75,000 from the TDA Fund to cover this work.

BACKGROUND INFORMATION: The State-Local Transportation Partnership Program funds are provided through Section 2600 et seq. of the Streets and Highways Code. These projects, which are eligible for SLTPP funds, were combined with another ineligible project, Tokay Street, Church Street to Hutchins Street, and bid as one project. Because of these ineligible costs, the SLTPP funds will only cover 15% of the total project. It does fund 21.57% of the eligible costs.

At the time the Tokay Street, Fairmont Avenue to Hutchins Street, project was originally budgeted in the 1992/93 Capital Improvement Projects, it was funded using gas tax money. Because we have now applied for and received State-Local Transportation Partnership money, this project cannot be matched using gas tax funds. We must use TDA funds on the project, so we are requesting that TDA funds be appropriated to cover the matching portion of this project and the gas tax funds be put back into the Gas Tax Fund balance. The SLTPP funds must also be appropriated.
